SUSPEND INCREASE IN TROLLEY BOOST

Order Entered By Interstate Commerce Commission

HEARING APRIL 27th

Twenty-Five Trip Books to Remain at $2.75 Pending Further Action by Commission—Were Boosted to $4.

The Interstate Commerce Commission has entered an order suspending the proposed increase on twenty-five trip communitation ticket over the Washington-Virginia Railway until August 14 pending a plea and protest of commuters of the Commutters Association, the Alexandria Chamber of Commerce and the Citizens' Association of Alexandria.

Notice to the foregoing effect has just been received by D. R. Stansbury president o fthe Commuters' Association of this city. The price of this ticket was originally $2.50 and the commission advanced it to $2.75 and on December 1, 1919 increased it to $4 effective April 16 with a proportionate increase for all stations on the Mount Vernon division.

At the hearing September 1919 the commuters were represented as were the commuters on the Falls Church division. The result was that the commuters succeeded in having the sixty-two per cent increase asked for by the railroad company reduced, they being granted a ten per cent inerease or two and one half cents per mile on daily tickets.

Committees from the Commuters, Chamber of Commerce, Citizens' Association will meet at 8 o'clock Monday night in the rooms of the Chamber of Commerce for the purpose of formulating plans for the hearing on the question April 27, before the Interstate Commerce Commission.

Should the Interstate Commerce Commission grant the increase it will work incalcuable harm to the city and suburbs for there are a large number of families which have as many as three or four members employed in Washington and who spend their earnings here. Many of these families doubtless will find it more convenient to live in Washington if the railway company secures the increase.

The railway company in addition on April 1 was granted an increase in freight rates which effects the merchants of the city.

The general public is resentful of these increases and it is expected that a large crowd will attend the meeting Monday night to arrange to protest April 27 at the increase on twenty-five trip books.

An owl will catch more mice than a dozen cats.

Statistics show that more widowers than widows marry.

THE UNIONS AND THE STRIKE

It is not unnatural that the public should feel distrustful toward the great railroad brotherhoods, which are insisting that they have used all their resources to prevent the spread of the railway strike, but whose members have walked out by the thousands. If this were merely a revolt on the part of certain groups of unorganized men or the dissatisfied factions of those who are unionized, the protestations of the brotherhoods would be taken more seriously. But veteran bodies of brotherhood trainmen are out and are heedless of such suasion as their officers seem to have applied.

The suspicion is growing that the organization leaders are not as distressed over the strike as they pretend. Publicly they deplore the strike and assert that it is a calamity, but either their striking followers know that these leaders are not sincere or else union discipline and control is a sham. Twenty-five or 50,000 unionized railway employees will not walk away from their work, leaving passenger trains on sidings, delaying the mails, forcing suffering on millions of people and actually starving little children, without some assurances from some quarter.

In this connection it must be recalled that the brotherhoods themselves have organized behind the Plumb Plan League for the purpose of forcing government ownership of railroads upon an unwilling country. They have put up vast sums of money to hire press agents, propagandists and haranguers. They have attracted to their service scores of radical Socialists, who probably could not find profitable employment elsewhere, and these leaguers have repeatedly warned the Amrican people that a showdown would come in about the same fashion that it has come.

It is quite conceivable, therefore, that the brotherhoods are reconciled to the present strike. It can go on, as they no doubt view it, without open responsibility on their part and yet prove to be the test of strength which they would like for the country to observe. The present demonstration is sufficient to warn the country of the sort of disaster which would be visited upon the public if the brotherhoods themselves brought on a general railroad strike.

OUTLAW STRIKE IS COLLAPSING

Chicago Union To Expel Strikers After Tomorrow Midnight

CHARTERS REVOKED

Walkout Definitely Broken in West, Road Officials Claim Situation in Washington Improved

Chicago, April 17.—After revoking the charters of three lodges of the Brotherhood of Railroad Trainmen, two in Chicago and one in San Francisco, A. F. Whitney, vice-president of the brotherhood yesterday ordered all striking members of the organization in the Chicago terminal district to return to work by tonight or suffer expulsion from the union, with loss of their seniority rights.

With 25 leaders of the insurgent forces under arrest in Chicago charged with violating the Lever act, the movement of freight and livestock approaching normal, and the return of many strikers to duty, rail chiefs and brotherhood officers declared the walkout, which started more than two weeks ago, was definitely broken.

Baltimore, April 17.—The railroad strike in Baltimore showed strong signs last night of coming to an abrupt end.

Local No. 124, Brotherhood of Railway Trainmen, numbering 500 employes of the Pennsylvania Railroad, met in Moose Hall and voted to go back to work.

A few hours earlier 500 members of Local No. 214, Brotherhood of Firemen and Enginemen, also Pennsylvania men, decided on similar action.

Locals of engineers and conductors are expected to take similar action.

Washington, April 17.—Collapse of Washington's unauthorized railroad strike appeared complete last night with the return to work of switchmen and yard conductors in the Eckington and Potomac freight yards. The latest of the insurgent railroad workers to walk out returned to their posts in successive shifts, and midnight saw what may prove the end of the local strike, full crews at work in the freight transportation centers in and near the Capital.

Soon after the action of the public utilities commission granting an increase in fare for the street railways had been announced yesterday. President Ham granted the demand of the men for a pay increase of 5 cents an hour, but refused to enter into a contract with the Amalgamated.

An increase of 10 per cent in wages "to certain other employes" of the railway and lighting companies also was granted. Both increases are effective May 1, when the new schedule of fare rates becomes effective.

Chicago, April 17.—Maj-Gen. Leonard Wood, commander of the Central Department, U. S. A., who has returned to Chicago from an Eastern speaking tour because of the insurgent strike of railroad workers, said last night he did not find "any evidence of connection between the railway men's strike and Industrial Workers of the World activities."

General Wood declared he found traffic conditions improving throughout the department.

ARRIVES TOMORROW

Johnny J. Jones Exposition Greatest in World Here for a Week For Elks' Charity Fund

Amusement devotees of this city owe a debt of gratitude to the local Elks for having contracted with the Johnny J. Jones Exposition to furnish all the amusement for their first spring festival, to be held at Bagget's Field all of next week. It promises to be a week of real clean fun and amusement for the people of Alexandria and vicinity," said Edward R. Salter yesterday.

The claim made by Mr. Salter, manager of the publicity department, that Johnny J. Jones Exposition "is the greatest in the world," is undoubtedly nearer the truth than the claims set forth by similar form of out of door shows which have visited the city.

"There is one thing which is outstandingly noticeable about the Johnny J. Jones Exposition, and this information is worthy of first mention," stated Mr. Salter. That among the host of attractions, which form the great amusement aggregation, there is absolutely not one to which the slightest objection can be taken. The programs provided are clean and wholesome, novel and mysterious, and positively devoid of any suggestion of vulgarity, and in many instances provide both interesting entertainment as well as educational enlightenment. Other attractions are merely gloom dispelling fun, and form an antidote and happy diversion from the anxieties of every day cares." Continuing Mr. Salter said: "Johnny J. Jones, being in a class by himself, very naturally must be the leader in all new ideas and innovations, and he makes one announcement that causes much discussion and disent in the amusement world, but will meet with warm approval from the press and public, and that far reaching idea was to bar all monstrosities from being exhibited with his organization. While Jones is daring in his assumption, still that is the basis of his great success, for he is the only outdoor amusement manager who has never tolerated vulgar girl shows and gambling with his exhibition. Our slogan has ever been an amusement institution, built upon a Southern foundation of decency and cleanliness, that is solid as Gibraltar".

Healing Mission.

To be Held at Trinity Episcopal Church, Washington Tuesday, Wednesday and Thursday

Widespread interest is being manifested in the Christian Healing Mission which will be conducted at Trinity Church Tuesday, Wednesday and Thursday of next week by Rev. John Hickson, an English Episcopal minister. The mission will be held under the direction of the Episcopal Diocese of Washington, with the co-operation of many leaders of other denominations. Ministers of the city will call the attention of their congregations to the missions at tomorrow's services.

An interesting feature of the services will be the intercessory prayers. During the services a group of fifty intercessors, who will be relieved hourly, will be seated in the chancel. Christian people generally have been requested to offer their prayers for the services each day at twelve o'clock The following prayer has been printed for use:

"O God our Heavenly Father, we pray for thy blessing upon the Christian Healing Mission. Bless, protect and guide those who have gone forth in the name of Thy Son, our Saviour, Jesus Christ, May all they do be directed and governed by Thee. May they be so filled with the Spirit of Christ that they may be bearers of His Light to those that sit in darkness, for the setting at liberty of souls whom Satan hath bound, and for the healing of all who are sick in mind and body. And we ask that they and all who are linked with them in prayer may ever be united in Thy Love, and protected from every snare of the enemy; so that by Thy Grace Thy purposes may be fulfilled to the Glory of Thy Holy Name; for Jesus sake. Amen."

OPENING GAME

Cardinals to Cross Bats With U. S. Naval Hospital Tomorrow Afternoon

The Cardinal Athletic Club baseball team will play their first game of the 1920 baseball season tomorrow, Sunday, April 18, at 2.30 p. m., on the North Alfred Street diamond. While the Cardinals do not wish to throw bouquets at themselves, it is proper to announce that a strong bunch of athletes will be in the line-up when the umpire calls "play ball."

The large army of the Cardinals fans are certain to follow them to their new battleground to see them in action against their opponents from the U. S. Naval Hospital.

CITIZENS PLAN "CLEAN UP" DAY

The best evidence of proper community pride is the interest shown by the citizens in keeping their surroundings clean. It is our duty to promote conservation and production in every way possible to conserve health and property as well as the more sentimental civic ideals, and to increase commercial and industrial, as well as the food production, that all may be enabled as well as urged to save for our national and personal prosperity.

Cleanliness, thrift and civic pride are the essentials not only for homes and towns beautiful, but for those that are kept safe from the ravages of disease, fire and weather—April is the usual time in these parts for cleaning up, lets go to it, good results can be obtained by hearty co-operation, and with very little labor Alexandria can be placed in a thoroughly sanitary condition.

WANTS PRIVATE BATH.

Baltimore Woman Likes Spouse, But Hates Intrusian in Bathroom.

Baltimore, Md., April 17. Mrs. Blanche Hamp left her husband because she could not take a bath in private, and she has taken with her their two-year-old daughter. So said Mrs. Hamp when she appeared in court yesterday against her husband, Walter Hamp. She asked support for herself and child.

Mrs. Hamp declared she could not live in their home, as there was no privacy. She said that whenever she prepared to bathe the child or herself she was continually interrupted by her husband's brother or father, who live there, passing through the room. She had nothing to complain about her husband's treatment of her.

Hamp was dismissed on promise to support the child.

TWO TRAINMEN KILLED.

Atlanta, Ga., April 16.—Two trainmen were killed and a number of passengers shaken up and bruised in a wreck of Southern passenger train No. 24, at Ellenwood, near here yesterday.

The men killed were John A. Acree, forty-five years old, engineer, and R. E. Cain, twenty-three years old, fireman, both of Atlanta. They were crushed under their engine, which turned over.

The train, a local, was en route from Macon to Atlanta at the time.

FALSE ALARM

About a quarter to seven o'clock yesterday evening the station house was requested by telephone to send the fire apparatus to 1106 Prince street, where it was stated a fire was in progress. The alarm was turned in and Officer Durrer made a record run in a motocycle to the house indicated. No evidence of fire could be seen, and the officer made inquiries in order to ascertain who sent in the alarm. The message is supposed to have come over a private phone. It may be stated that any person who may start a false alarm of fire makes him or her responsible, and should such offenders be identified the fine prescribed will be imposed.

H. W. CAMPBELLS SHOWS

Tonight will see the last showing of the Campbells Shows that have been furnishing the attractions for the Moose Festival during the past week.

The shows have pleased the public and are undoubtedly the biggest and best that have played in this vicinity. The circus parade has proven a distinct novelty. With an array of wonderfully trained horses, ponies, dogs goats, congrated with the wild animals the procession headed with the splendid concert and circus bands did much to divert and interest the public throughout the past week.

Anticipating the large crowd for the last days showing, the management of the shows have made preparations to introduce several new features for Saturday. The parade will open the days entertainment and on its arrival at the Colross street show grounds a series of free performances will be started. The cake walking horse will give an exhibition, while the high jumping pony, "Buster" will show his ability in clearing the high hurdles. The funny clown goat, "Whiskers," will endeavor to keep the spectators in a good humor, with his inimitable antics. The sensational part of the program, is furnished by Captain Fred Delmar, who has thrilled the onlookers with his fearlessness in his management with his fighting lions.

The first baby show in the United States was held at Springfield, Ohio, on October 14, 1854.

FERRY BOATS OF OLD

A lady reader of the Gazette realizing with many others that the time is nine for the re-establishment of a ferry service between Alexandria and Washington, yesterday propounded certain queries to the Gazette concerning steamboats which in bygone years were operated on lines between Alexandria and the capital city.

Her first question was in regard to a steamer, the name of which she could not recall, which exploded her boiler at the foot of King street in the early fall of 1865. The ill-fated steamer was the "James Guy", which at one time ran on the lower river route, but which was being used as a ferry boat between the two cities when the accident occurred.

Our correspondent also asked the names of ferry boats which were on the route during our civil war. They were the "Fulton," "Winnisimmiet," and "Manhattan" The "Winnisimmitt" was continued on the route until the latter part of the sixties, when two new ferry steamers, the "City of Alexandria" and the "City of Washington" were placed on the line by the Washington and Alexandria Ferry Company." The "City of Alexandria" was burned at her dock in this city in the fall of 1894. The "City of Washington" was subsequently rebuilt at Baltimore and named the "Columbia." The latter was burned at her slip in Washington about fifteen years ago, and the hull made into a house, is now lying in Hunting Creek.

Ferryboats known as the "Union," "George Page" (double-enders) "George Washington" and "Thomas Colliger" were in service before the civil war.

Another steamer known as the "George Washington" and two others, the "Lackawanna," and the "Vermont" (her name having been changed to the "Alexandria") kept up the ferry service between the two cities during the first decade of this century.

In 1906 two modern ferry steamers, the "Woodbury" and "Callahan" were constructed by the Norfolk and Washington Steamboat Company, and placed on the route between this city and Washington. Their career was short, however, as many who had clamored for a ferry service did not patronize the boats to the extent expected.

The suggestion that the time has come when the ferry service should be revived is often heard, and it is hoped that in the near future Alexandria and Washington will again enjoy this mode of transportation.

ANNIVERSARY OF RIOT

Next Monday (April 19) will be the fifty-ninth anniversary of the Baltimore riots, when a Massachusetts regiment on its way to Washington was attacked by residents of the monumental city. The soldiers were forced to fight upon their assailants, and several civilians were killed. The casualties among the soldiers were slight.

It is a remarkable coincidence that the first blood shed in the revolutionary war was on the 19th of April, 1774, that the first blood shed in the Mexican war was on the 19th of April, 1846, and the first blood shed during the war between the states was on the 19th of April, 1861.

About the time the riots took place in Baltimore the Potomac was alive with federal transports carrying troops to Washington for the defense of the national capital. Ocean-going steamers, flying the Stars and Stripes were passing Alexandria, where the flag of the late Confederate States of America was prominent and men wearing the gray were in barracks. The steamer "Quaker City," which figures in Mark Twain's "Innocents Abroad," upon which the late humorist and other Americans made an excursion trip to the Mediterranean shortly after the close of the civil war, was one of the steamships which carried troops to Washington.

KEPT HER AWAKE
The Terrible Pains in Back and Sides Cardui Gave Relief

Marksville, La.—Mrs. Alice Johnson of this place writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

I Don't Believe In That

Do you know that one of my patients tells me that such was the answer received when he suggested that a sick friend try chiropractic—Being questioned the friend admitted that he did not know what chiropractic was. Here you see was a case of condemnation before investigation. But such is the world, always was, it used to be flat once, flat as a pan cake—A medical doctor of several years experience was losing his little 6 months old boy, dying with the Flu, in spite of several medical men in Washington, called in consultation—Three days and nights the little life hung in the balance, medical skill had failed. The father had heard what he considered absurd claims of what chiropractors could do in cases of flu and pneumonia; but his own little boy was dying, his own baby—He called a chiropractor and wonders of wonders, in a couple of days the baby was fast on the road to health—Did this open the doctors eyes? Yes, he went and took a course in Chiropractic, is now practicing that science, absolutely without medicine and is building up a magnificent practice in the cty of Washington. There is no one so blind as he who will not see. But when a call for a life of some dear one comes right home, ethics and prejudice must go. I am here to accomodate the people of Alexandria.

How to Dodge Tire Trouble

THE first requisite, naturally, is to get a tire with "back-bone" enough in it to successfully withstand hard service. But even a high-grade tire in the wrong place may not give you all the mileage you should get from it. There are motorists using regular size tires where conditions of load really call for an oversize.

It's part of our service to make suggestions to help you get all the mileage you have a right to expect from your tires. Anything you want in the way of tires, tire service as accessories—any time you want it.

STAR RAND MADE EXTRA PLY **TIRES**

Fabric tires with an extra strong "backbone," an extra ply of fabric adding over 20% more strength to withstand load, strain and shock.
Strictly hand made in all sizes, with extra quantities of the very finest quality of rubber and fabric.
Stronger sidewalls. Carcass is specially protected from rut cutting and curb chafing by heavy toughened side strips.
Tread wears unusually long; thick, tough and accurately compounded to resist wear.
Carcass and tread inseparably welded together by binder strip of special rubber.
The five angled skid resistance of the "all star" tread is an extra feature of safety.

RED STAR TUBES—Made of the finest pure rubber. Cured with antimony. Extra heavy—extra durable.

COAL, LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

EXAMINE OUR GRADES WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

Essex Motor Cars

Tests That Proved Hudson Also Speak for Essex

Both Hold Performance Records That Have Never Been Equalled

In all Hudson's unmatched records this important fact is clear: No ability is sacrificed in one direction to gain supremacy in another.

Hudson is the fleetest. Its stock car speed records have never been equalled. On the speedway its racing cars won more points than any other team ever gained.

But its speed means no forfeit of other qualities. For in official tests, the Super-Six has also out-performed all other types, in endurance, hill-climbing and acceleration. In every motor performance it has established leadership by unanswerable proofs.

Hudson Records Prove Its All-Round Mastery

Only a supreme advantage that others cannot use, could account for such all-round dominance. Hudson has it in the Super-Six motor. It minimizes vibration to within 10 per cent of vanishing—nearer the ideal than any type we know.

In the same size motor the exclusive Super-Six principle added 72 per cent to power and 80 per cent to efficiency. Endurance is practically doubled.

How these qualities are valued by motorists is reflected in Hudson's five years of leadership of fine car sales. Today the demand is larger than ever.

Built by the same makers, Hudson's unequalled records also speak for Essex. They foretold performance never expected of a light car.

The prophecies now are facts.

And Essex Holds the World's 50-Hour Endurance Record

An Essex stock chassis set the world's 50-hour endurance record of 3037 miles. That is officially certified by the American Automobile Association. And Essex holds the world's mark of 1601 road miles in 24 hours. A stock touring car did that.

Local road, speedway and hill-climbing records in every section of the country are held by Essex. Scores of abusive tests have proved the endurance that 30,000 owners find in the daily service of their Essex cars.

But it is not only in performance that Essex shows the same stamp of quality as Hudson. Its beauty of line, its luxury of appointment are the work of years of leadership in coach designs.

See the care and completeness, even in the smallest details. Its riding comfort, its smooth, quiet running ease, with the suggestion of well-contained reserve power, are qualities comparable to the finest of high-priced cars.
